Mission Statement
The mission of FMDA – The Society for Post-Acute and Long-Term Care Medicine is to promote the highest quality care as patients transition through the continuum. FMDA is dedicated to providing leadership, professional education, and advocacy for the inter-professional team.

Vision
FMDA – The Florida Society for Post-Acute and Long-Term Care Medicine will provide professional leadership to disseminate information and provide access to resources and experts.

FMDA will further advance as the professional hub for education on best care practices, evidence-based medicine, regulatory compliance, and practice management.

FMDA will continue to be the model organization that collaborates with related organizations to promote the highest-quality patient care and outcomes in the post-acute and long-term care continuum.

Dear Friend of FMDA:

FMDA was formed in 1990 to help medical directors, physicians, advanced practice nurses (APNs), pharmacists, physician assistants (PAs), and other providers practicing in post-acute care (PA/LTC) navigate their way through the continuum of care. FMDA is the official state chapter of AMDA - The Society for Post-Acute and Long-Term Care Medicine (AMDA). AMDA is the preeminent national organization representing providers and payers in PA/LTC. FMDA promotes the education of its membership in issues pertaining to PA/LTC care medicine, with a special emphasis on scientific, legislative, regulatory issues, and Medicare reimbursement. Through AMDA, its credentialing body, FMDA sponsors a certification program in PA/LTC medical direction and offers a competency curriculum for attending physicians (APNs), physicians, pharmacists, physician assistants (PAs), and other practitioners, and opens dialogue for problem-solving and information sharing. Networking, open opportunities to become familiar with the activities of Florida practitioners and help you build relationships with and gain support from your members.
